Should a graduated CDL be linked to enrollment in a commercial driver-training program?
yes, but not a company sponsored school, company schools should be abolished.

How much entry-level training and experience should new drivers receive before graduating to an unrestricted CDL?
6 complete months

Should an applicant's past driving record be considered in issuing a GCDL?
No, unless it was alcohol or drug related, or has a felony conviction.

If a GCDL holder is at fault in an accident or is convicted of a moving violation, should the penalty be more severe than for drivers with unrestricted CDLs?
no

What kind of restrictions should apply to entry-level drivers?
MUST be 25 yrs. of age, no alcohol or drug related violations, no felony convictions.

Should a fully licensed CDL driver be required to accompany and observe a driver with a GCDL?
Yes, but only as a SOLO truck, not as a team.
CDL drivers should be training and observing only, not running the truck as a team to make more miles. To many comapnies require or make the trainer run Team miles in which the trainer is not able to actually train and observe the trainee!!!!!!

What should be the minimum age for obtaining a GCDL?
25 years old
